

## UniCredit further expands onemarkets Fund in Central and Eastern Europe

- UniCredit Bank introduces exclusive investment solutions to the Slovenian market with the launch of onemarkets Fund.
- New fund family bolsters range of investment solutions offered to clients across the region.

UniCredit announced the launch of onemarkets Fund in **Slovenia**. Following the successful launch in **Italy, Germany and Austria** in 2022, and the subsequent roll out in Czech Republic, Slovakia, Bulgaria, Hungary and Romania, the bespoke investment solutions of UniCredit are now available in **nine European countries**. The clients have entrusted over **18 bn euro** in assets under management in onemarkets Fund so far.

The selection and design of the funds is based on UniCredit's deep knowledge of its clients and providers— with products developed inhouse and via strategic partnerships with leading asset managers, including **Amundi, Allianz Global Investors, BlackRock, Fidelity, J.P. Morgan, Pictet and PIMCO**.

UniCredit Bank in Slovenia will offer bond-weighted and equity-weighted balanced products in the onemarkets Fund portfolio, covering a broad spectrum of investor needs.

**Teodora Petkova, UniCredit's Head of Central Europe and Eastern Europe:** „Together with our world-class partners, **onemarkets Fund** significantly enhances our offering in the region. The introduction of these new investment opportunities in Slovenia marks a significant advancement in the development of the local mutual fund market and provides Slovenian investors with new possibilities to access international financial markets.“

In CEE, mutual fund investing has historically been less widespread than in Western Europe. But this is changing, and clients today want more than just to save. They want to grow their wealth, **finance a longer and healthier life**, and secure their future.

**Lorenzo Ramajola, CEO, UniCredit Bank in Slovenija:** „In collaboration with leading global partners, we deliver high-quality and innovative products tailored to various investor profiles. We are committed to supporting our clients with the information and tools they need to make well-informed investment decisions and benefit from global market opportunities.“

**Richard Burton, UniCredit's Head of Client Solutions:** „We are placing the needs of our clients firmly at the center of everything we do across all areas of the business. As longevity is one of the megatrends reshaping financial needs, we are responding with dedicated solutions across our business lines. The expansion of our onemarkets Fund in Central and Eastern Europe is a clear example of how we are harnessing the scale of our Group to manufacture and deliver best-in-class products across all our markets. It is a powerful story of cross-business and cross-country collaboration.“

The launch in Slovenia is part of UniCredit's next strategic phase - **Unlock Acceleration** - where capital-light investment solutions like onemarkets Fund are essential, especially for our core target: affluent and private clients.

**UniCredit** is a pan-European Bank with a unique service offering in Italy, Germany, Austria, and Central and Eastern Europe. Our Vision is to be the Bank for Europe's Future. Our Purpose is to Empower Communities to Progress, delivering the best-in-class products and services for all stakeholders, unlocking the potential of our people and our clients across Europe.

Our core operations are located in Italy, Germany, Austria and Central and Eastern European Countries, all served by three Group high-quality product factories: Corporate, Individual and Payment Solutions. This allows us to be close to our clients and use the scale of the entire Group for developing and offering the best products across all our markets.

We serve circa 15 million clients worldwide. Our best-in-class in-house solutions, complemented with the top industry expertise of our partners, and powered by reliable digital and data capabilities, create significant value for our clients, firmly positioned at the centre of all we do. Digitalisation and our commitment to ESG principles are key enablers for our service. They help us deliver excellence to our stakeholders and create a sustainable future for our clients, our communities and our people.
